Medicaid Consent

Dear Parent/Guardian:

This is to ask your permission (consent) to bill your or your child's Medicaid Insurance Program for special education and related services that are on your child's individualized education program (IEP). Please provide us with your child's **Client Identification Number (CIN)**, which can be found on the left hand side of the card. The CIN number begins with two letters followed by five numbers and ends with a letter. This identification number is needed for Cambridge Central School to bill Medicaid for services.

This consent allows the school district to bill for covered health-related services and to release information to the school district's Medicaid Billing Agent for that purpose.

I, _____ as the parent/guardian of _____ CIN # _____, have received a written notification from the school district that explains my federal rights regarding the use of public benefits or insurance to pay for certain special education and related services.

I understand and agree that the School District may access Medicaid to pay for special education and related services provided to my child.

I understand that:

- Providing consent will not impact my child's/my Medicaid coverage;
- Upon request, I may review copies of records disclosed pursuant to this authorization;
- Services listed in my child's IEP must be provided at no cost to me whether or not I give consent to bill Medicaid;
- I have the right to withdraw consent at any time; and
- The school district must give me annual written notification of my rights regarding this consent.

I also give my consent for the school district to release the following records/information about my child to the State's Medicaid Agency for the purpose of billing for special education and related services that are in my child's IEP. The following records will be shared.

Records to be shared (such as records or information about services your child receives)	
IEP	Medication Administration Report
Written Order/Referral	Special Transportation Log
Evaluation Reports	Other Personally Identifiable Information
Session Notes	Any Other Specific Records Pertaining to the Student's Services or Program

I give my consent voluntarily and understand that I may withdraw my consent at any time. I also understand that my child's right to receive special education and related services is in no way dependent on my granting consent and that, regardless of my decision to provide this consent, all the required services in my child's IEP will be provided to my child at no cost to me.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Digital Equity

Collecting accurate data regarding digital resources access for New York students will greatly help educators to better serve their students and families. In order to accomplish this, the New York State Education Department is asking parents or guardians to complete a Digital Equity survey (for each student in the family) in grades Kindergarten - Grade 12. This survey will provide information on student access to devices and internet access in their places of residence. To assist us in this process, please answer each question below and follow any additional instructions provided for submitting or returning the survey. Thank you for your time and cooperation.
